

Tech Help Boston Concierge Plan

Whether you need support now or later, we're here for you.

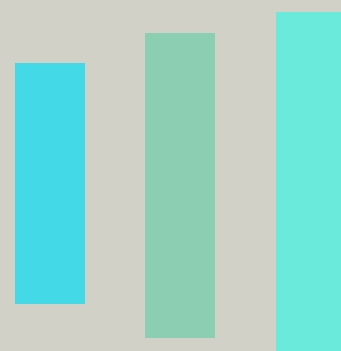

At Tech Help Boston, all of our plans are custom-designed to deliver you peace of mind at a competitive price. Joining is simple. You pick the plan that suits you and your family best, and we'll do the rest.

BASIC: \$29.95 per month. Perfect for anyone who anticipates the occasional support call, and would like training on how to use their devices.

STANDARD: \$49.95 per month. Our most popular plan is ideal for those who anticipate the need for tech support throughout the year and are interested in receiving advanced user training.

PREMIUM: \$69.95 per month. Great for the homeowner with elaborate home entertainment or smart automation systems, or the home-based business owner in need of extra protection for their equipment at a fair price.

ADDITIONAL SERVICES: There is a \$20 copay for each on-site visit. The service hours you receive with a plan include both remote and on-site requests. If you go over the service hours included in your monthly subscription, our regular 30 minute minimum for additional support applies. For the Standard and Premium plans – that hourly minimum drops to 15 minutes.

\$110 \$422 \$799
